Chris & Ping,

I want to thank you for our wonderful China trip! I have been thinking and talking about all we got to do and see and really can't believe I was there. People have been coming into the bank this week telling me that they have spoken to some of the folks who went with us and they are all talking about what a great trip it was. I know how much work it must be for you to put that trip together. It was so seamless. Everything worked like clockwork and you made it look easy. It is hard to believe that you managed 32 people for 17 days in 11 cities, on 9 airplanes, numerous buses and boats and nothing went slightly wrong! And then there are the hotels, guides, meals, shows and shopping. I have been traveling with groups for 19 years and I consider this China trip one of the best, if not the best trip I have ever done. I feel that I was so lucky to have met you and gotten the opportunity to offer this trip to my customers. It was a trip of a lifetime and I am confident that no one could have done it better than China Plus.

Chris, having you with us on the trip put us all at ease. You are so professional and patient! I can't imagine doing a trip to China without you or with anyone else.

Thank you so much for this wonderful experience!
